- III. Executive Director gave brief verbal update on grant projects funded last fiscal year and encouraged outreach to partner organizations for applications this year
- IV. Treasurer’s Report was discussed, since SKCDF funded 4 “max” grants last year, this has greatly depleted funds. Pushing to get the Foundation impact report out to members and start raising funds to continue funding additional grants in the future.
- V. Discussed the Foundation Impact Report and Grant giving guidelines. Transitioned into a discussion of what a hybrid fundraiser could look like: Hosted house parties of 8-12 gave way to discussions of regional parties of 20-30x at 5-6x country & athletic clubs or community centers spread all out across King County with minimal financial impact/risk but themed and linked. With a few big-ticket items with most fun-raising done via Raise the Paddle or Matches. Executive Director told how Compansis has done very well with this type of fundraiser and in fact had their highest totals ever using a similar format. Names brought up to help possibly restart this “Event Committee” were Sue Adams (fka Hollinsworth), Dee Fraker, Karen Sakuma, Rod Wentworth, Judy Allen, Princy Rekhi, and Robert Brown. Executive Director pointed out that we may want to intentionally recruit dentists from other demographic
